## **Musical Adventure Camp**

Fuel your imagination and sharpen your craft with MAC's Musical Adventure Camp! Students will work virtually with an industry professional to build a diverse set of theatre skills, focusing specifically on vocal performance, acting through song, and improv-driven storytelling skills. From dreaming up brand new worlds to developing specificity in character work, we'll explore many different elements of performance craft together. By the end of the six-week-long camp, students aged 8 - 15, will have strengthened their musical storytelling skills through individualized song coaching, collaborated on the creation and performance of a brand-new musical adventure story, and participated in a virtual group performance that can be shared with family and friends.
